Conti Repair 60SLF

The Simple & Quick Way To Repair Conveyor Belt Covers

Conti Repair 60SLF is a 2-component urethane material in a dual tube with automatic blending so you can repair, bond & seal virtually any surface with no guesswork or messy measuring.

- › Self leveling
- › Fast setting – can be buffed in 30 minutes
- › Minimized downtime
- › Maintains good durometer over time
- › No solvents or VOCs
- › No odors
- › No shrinkage
- › No drip
- › Hot-Cold resistant
- › Can sand, grind, paint, drill & tap
- › Enhanced bonding with Conti Repair Primer

Repairs Multiple Surfaces

- › **Conveyor Belt** – textile & steel cable belts, PVC & urethane belts, belt lacing, clip covering
- › **Elastomeric** – rubber linings, urethane linings, off-road & forklift tires, pulley lagging, pump liners
- › **Concrete** – floors, containments, walls, cracks, spalling, threading & mounting

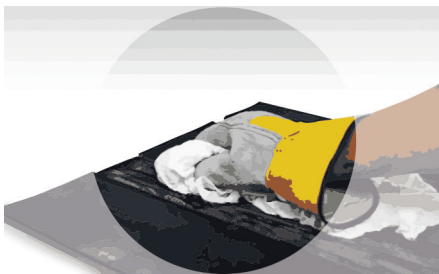

Storage and Shelf Life

Store Conti Repair 60SLF products between 15°C to 25°C (60°F to 77°F). Keep in a dry, well-ventilated location away from direct sunlight and ignition source. When unopened and stored properly, the shelf life for Conti Repair 60SLF is 3 years and Conti Repair Primer is 2 years.
